

Please ensure the Float driver receives this information. Each entry should be in place at their allotted time, bigger floats are first to arrive and so forth. Unfortunately we insist that you adhere to your arrival time, late arrivals generally create a delay in marshalling, which we must avoid.

Please consult the Entry list provided for your marshalling location and arrival time. Only your vehicle is required on site at the arrival time. Participants may arrive later, your entry should be ready for 5PM. Groups with large numbers of **walkers** may wait at St-Joseph and Youville until their float arrives –Caution!!! Pay Special attention to any children in your care!!!

*****Floats will not have time to stop and load up!!!*****

Participants may take the Parade shuttle, which runs from Centrum Blvd. (in front of the old City Hall) from 2PM until 5PM. Please don't wait to get on the last shuttle as it will most certainly be full.

No sirens or air horns at any time

(Safety concerns involving horses and animals at night)

Instructions from parade Marshall's shall be obeyed at all times.

All entries must be suitably decorated including lights. (one string of lights alone is not acceptable)

Vehicles towing floats must also be decorated.

All entries will be judged on the parade route.

All entries shall have 2 people (one on either side) to walk with the float, as a safety precaution for encroaching children.

No pamphlets to be handed out.

Candy handouts must be placed hand to hand, not thrown.

Any entry which impedes or slows the parade progress, may be directed to withdraw from the parade.
